The Blairmore Hardware Co

Headquarters for Auto Accessories

Mrs. Gibson, of Calgary, who has been visiting Mrs. T. Dawson for a few weeks, returned to her home this week.

Mr. and Mrs. O. J. Sparrow, of Vancouver, are visiting with the latter's parents at Lundbreck, Mr. and Mrs. T. Madden.

NEW HOTEL TO HAVE FIFTY-SEVEN ROOMS

We understand that the proposed new hotel for West Blairmore is to have fifty-seven rooms, instead of thirty rooms as at first contemplated. The contract has not been let as yet, waiting the arrival of General Manager Charbonnier, who has been out of town for a few days. The new hotel will be a compact rooming house of most elaborate design. Instead of running a dining room in the building, a restaurant will be operated across the street immediately opposite.

The contract will in all probability be let this week end and construction work will commence next week.

DOBBS—WORTH

The marriage took place at New Glasgow, Nova Scotia, on September 8th, of Miss Marjorie Worth, of that city, to Mr. Samuel Dobbs, of Lethbridge. Mr. and Mrs. Dobbs are visiting eastern points before coming to Lethbridge, where they will reside. The bride was a member of the school teaching staff at Frank last term, while the groom was in the employ of the C. P. R. as engine fireman.

BLAIRMORE HOCKEY CLUB REORGANIZED

The meeting held in the Miners' hall on Friday night last, for the purpose of reorganizing the senior hockey club was well attended and not at all lacking in the old enthusiasm.

Following the reading of a report from the 1920 secretary, Mr. M. G. Rhynas, discussion took place as to programme to be adopted for the coming season. The chair was occupied by W. H. Chappell, junior. It was unanimously decided to re-form the club and to elect only a president, vice-president and secretary-treasurer, with the following result:

President—W. H. Chappell.
Vice-President—Laurie Morgan.
Secretary-Treasurer—W. Bird.
A vote of thanks was passed to Mr. Rhynas, the retiring secretary, and also to other officers of last season.

It was found that quite a number of hockey players were now resident in the town and would be available for the season, and that there was every likelihood that Blairmore would maintain its reputation of last year of being the only team in the league of absolutely local material.

The matter of a rink is as yet undecided. A movement has been on foot for the erection of a closed-in rink, but it is not known yet whether sufficient capital can be raised this year or whether or not the scheme is feasible. In any event, Blairmore will be assured as good a rink as will be found in the league district.

DEATH OF WM. McCULLOCH

The death occurred at Bellevue on Saturday morning at an early hour of William McCulloch, an old-timer of The Pass, at the ripe old age of eighty years. Mr. McCulloch had been in apparent enjoyment of good health and the end came rather unexpectedly short after he had been cutting fire kindling. He leaves a widow, one daughter and two sons, Alexander and Johnson, who live at Coleman. The daughter is residing in England.

Interment took place at Bellevue cemetery on Monday afternoon, service being conducted by Rev. H. Peters.

List of prize winners in the various exhibits of the Bellevue & District Horticultural and Industrial Club 1921 exhibition will appear in our next week's issue, as will also the list of winners in the various events of the Hillcrest Flower and Vegetable Show.

ENTERPRISE WILL TAKE MUCH LARGER FORM

In order to better serve the needs of this district, The Enterprise has decided to double its present size, starting in with the first issue in October.

We are arranging to have correspondents in all camps between Pincher Creek and Fernie, and with a field representative, will be in a position to turn out a weekly periodical second to none in the province.

TOWN COUNCIL

REGULAR MEETING

The regular fortnightly meeting of the local town council was held on Monday night, Mayor McLeod, Councillors McDonald, Montalbet, McVey and Bartlett, and Secretary Wright being present, as well as a fair representation of ratepayers.

The minutes of the previous meeting were approved as read and the following accounts were passed for payment, subject to approval by committee: Registrar Land Titles Office, Calgary, \$10.10; C. W. Pettifer \$23.00; W. Swan \$300.00; Journal Voucher Waterworks Department \$210.20.

The secretary reported having redeemed debentures since last meeting to the amount of \$5,914.20.

Communication from Department of Municipal Affairs in reply to that from the town secretary was read to the meeting and considered. Ratepayers declared themselves as being dissatisfied with the ruling of the deputy minister of municipal affairs and decided to take the matter up themselves in an effort to secure a new and more equal assessment.

The request of the F. M. Thompson Co. for credit to the extent of two-thirds cost of sidewalk laid by them such as has been granted to other property holders along Victoria St. was on motion granted, same to be based on contract figures accepted by the town.

The meeting adjourned at 9:45.

NEPHEW OF CAPT. BEEBE KILLED AT FAIRBANKS, ALASKA

Word was received last week end of a tragedy that occurred near Fairbanks, Alaska, in which Deputy-United States Marshall, J. L. Anders, was shot and killed by a Hot Springs farmer named Samuel Cote, on Friday, the 9th.

Anders was in the act of serving a warrant on Cote, who raised a gun and shot the officer point blank. Anders was unarmed, having been in the habit of taking his prisoners with bare hands, for which he became very popular and was repeatedly rewarded for bravery.

On learning of the slaying of Anders, a posse of eight Hot Springs men surrounded the Cote house and avenged the murder. A laconic telegram states: "Posse gate Cote—no flowers!"

Anders is a nephew of our local pioneer townsmen, Capt. W. A. Beebe, and was a native of Bay City, Michigan. His mother, a sister of Capt. Beebe, was visiting her son at the time of the tragedy. The body will in all probability be brought to Bay City for interment.

Anders had been in Alaska gold fields since the early eighties and was highly respected and an efficient officer.

DEATH OF J. PISONY

The death occurred at the Blairmore hospital on Friday last of Joseph Pisony, at the age of twenty-three years, following a brief attack of pneumonia. Interment took place on Sunday afternoon at the Catholic cemetery. The Blairmore band was in attendance.

The BLAIRMORE ENTERPRISE

Mr. and Mrs. George Cantalini and children left Bellevue on Wednesday last for New York direct. George will proceed from there to his old home in Italy, leaving his family in New York. George has some matters to fix up over in the old country, a relative having died quite recently. On his return he will bring his family to Blairmore, where they will reside and in all probability build a mansion.

Rev. Walker, Piccarillo, Murphy and Bartlett returned on Saturday from an episcopal tour of the province. They report finding the spiritual condition of the rest of the province good.

An estimate that \$4,500,000 was paid by life insurance companies in death claims from automobile fatalities during 1920 is published by the insurance press.

CAN THE DEAF BE MADE TO HEAR?

This question can be answered both ways. If the deafness is due to Catarrh, success is general if the sufferer persists in the use of Catarrhoxone and thereby drives Catarrh out of the system. Penetrating through the passages of the ear, the Catarrhoxone relieves the inflammation, destroys the Seeds of Catarrh and thereby allows nature to re-assert herself. For Catarrh Deafness, pain over the eyes, plugged nostrils and other symptoms associated with Catarrh, use Catarrhoxone. You'll be more than pleased with the quick improvement in your condition. Two months' treatment, One Dollar, sold everywhere or the Catarrhoxone Co., Montreal.

Oh, Money! Money!

(Continued)

Mr. Smith sat his table in the corner, glanced nervously toward the door, then he resumed his work, as being less conspicuous than the flight he had been tempted for a moment to essay. But that this was not to be, for the next moment, to his surprise, the girl appeared directly to him.

"Mr. Smith, please, won't you take me somewhere to-morrow?"

"Mellicent?"

She was shocked now, and showed it. "I can't help it, Aunt Maggie. I've just got to be away!"

"But, my dear, to ask a gentleman to leave his home to-morrow?"

She turned and looked at him. "I can't help it, Aunt Maggie. I've just got to be away!"

"See, here, little girl, suppose you sit just what is behind—all this," he begged gently.

Mellicent shook her head stubbornly. "I can't. It's too—silly. Please let it go that I want to be away. That's all."

"Mellicent, we can't do that," Miss Maggie's voice, so quietly firm, "We can't do anything, until you tell us what it is."

There was a brief pause. Mellicent's eyes, still moist, sought the kindly questioning face of the man, then the less kind but more grave face of the woman. Then in a little breathless burst it came.

"It's just something about my saying Mr. Pennock said—about me."

"What was it?" Two little red spots had come into Miss Maggie's cheeks.

"Yes, what was it?" Mr. Smith was looking at her with a keen interest.

"It was that—that they weren't going to let Carl Pennock go with me any more—anywhere, or come to see me, because I—I didn't belong to their set."

"Their set!" exploded Mr. Smith. "Miss Maggie said nothing, but the red spots deepened."

"Yes! It's just—that we aren't like them. I haven't got—money enough."

"That you haven't got—got— Oh, yes, good!" For a moment reason whatever Mr. Smith threw back his head suddenly and laughed. Almost instantly, however, he sobered, he had caught the expression of the two faces opposite.

"I beg your pardon," he apologized promptly. "It was only that to me—there was something very funny about that."

"But, Mellicent, are you sure? I don't believe she ever said it," doubted Miss Maggie.

"He hasn't been near me—for a week. Not that I care!" Mellicent turned with flashing eyes. "I don't care a bit—not a bit about that!"

"Of course you don't! I don't want you thinking that I don't care. What does it matter if she said it, dear? Forget it!"

"But I can't bear to have them all talk—and notice," choked Mellicent. "And we were together such a lot before—and now—I tell you I can't go to that dance to-morrow night!"

"Anybody who doesn't want to go to Mr. Smith assured her. "Right here and now I invite you and your Aunt Maggie to drive with me to-morrow to Hubbardville. There are some records there that I want to look up. We'll get dinner at the hotel. It will take all day and we won't be home till late in the evening. You'll go?"

Oh, Mr. Smith, you—your dear! Of course we'll go! I'll go straight home and telephone to somebody—everybody—that I can't be there;

that I'm going to be out of town!" She sprang joyously to her feet—but Miss Maggie held out a restraining hand.

"Just a minute, dear. You don't care—you said you didn't care—that Carl Pennock doesn't come to see you any more?"

"Indeed I don't!"

"Of course not!" The red dyed Mellicent's forehead.

"You have said you'd go to this party, haven't you? That is, you care for the invitation, didn't you? And people know that you did, don't they?"

"Why, yes, of course! But that was before—Mrs. Pennock said what she did."

"But—just what do you think these people are going to say to-morrow night, when you aren't there?"

"Why, that I—L—L—The color drained from her face and left it white. They wouldn't expect me to go after that—would they?"

"Then they'll understand that you care, won't they? They can't!"

She turned sharply and walked to the window. "For a long time she stood, her back toward the room, watching her. Then, with equal abruptness, she turned and came back. Her cheeks were very pink now, her eyes very bright. She carried her head with a proud little lift."

"I think, Mr. Smith, that I won't go with you tomorrow, after all," she said steadily. "I've decided to go to that dance."

The next moment the door shut crisply behind her.

CHAPTER VIII. A Santa Claus Help Up.

It was about five months after the multi-millionaire, Mr. Stanley G. Fulton, had started for South America, that Edward D. Norton, Esq., received the following letter:

Dear Ned—I'm glad there's only one more month to wait. I feel like Santa Claus with a box of toys, held up by a snowdrift, and I just can't wait to see the children dance when they get them."

And let me say right here and now how glad I am that I did this thing. Oh, yes, I'll admit I still feel like the small boy at the keyhole, at times, perhaps, and I'll forget that—the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

And, really, never have I seen a bunch of people so happy and so contented as the children begin to dance."

grand glare of light. However, I reckon I needn't worry—he'll still have Mrs. Jane to turn some of the gas jets down."

As for the younger generation—they're fine, every one of them; and just think what this money will mean to them in education and advancement!"

Jim's son, Fred, eighteen, is a fine, manly boy. He's got his mother's ambitions, and he's keen for college—even talks of working his way (after his mother's horror) if his father can't find the money to send him. Of course, that part will be all right now—in a month.

The daughter, Bessie (almost seventeen), is an exceedingly pretty girl. She, too, is ambitious—almost too much so, perhaps, for her happiness, for the present state of her pocket-book. But of course that, too, will be all right after next month. Benny, the nine-year-old, will be concerned as little as any one ever that hundred thousand dollars. I imagine. The rest, now take the girl he will be a precocious, of course, in fact, I doubt if he even approves of it—lest his privileges as to meals and manners be still further curtailed. Poor Benny! Now, Mellicent—

Perhaps in no one do I expect to see so thoroughly rejoice as I do in poor little pleasure-starved Mellicent. I realize, of course, that it will mean to her the solid advantages of college, music, culture, and travel; but I must confess that in my dearest vision, the child is reveling in a grand whirl of pink dresses and chocolate bonbons. Bless her dear heart! I gave her one size-bound box of candy, but I never regretted the mistake. Besides enduring the manifestly suspicious disapproval of her mother because I had made the gift, I have had the added torment of seeing that box of chocolates doled out to that poor child at the rate of two pieces a day. They aren't gone yet, but I'll warrant they're as hard as bullets—these wretched children! I picked the box up yesterday. You should have heard it rattles!

But there is yet another phase of the money business, in connection with Mellicent that pleases me mightily. A certain youth, by the name of Carl Pennock, has been following her around a good deal, since I came. The Pennocks have some money—fifty thousand, or so, I believe. It is reported that Mrs. Pennock has put her foot down on the budding perambulator because the little fellow has not got money enough. (Begin to see where my chuckles come in?)

Castoria, or Something Else?

FLETCHER'S CASTORIA is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations.

It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded.

Fletcher's Castoria having been prepared solely for our little ones, should not be confused with ordinary cure-alls or preparations primarily compounded for grown-ups. The child's organism, so delicate and tender, requires specially prepared medicines and foods, the one no less than the other, as mother-love well knows, and mother-love can not be deceived.

Children Cry For Fletcher's CASTORIA

What is the Matter with Baby?

It cries restlessly, is restless and does not sleep well, its bowels do not move or it has diarrhoea, it does not eat or it has flatulence and vomits easily. You know baby is sick. You want to help baby get well safely and quickly.

If you are wise you will use Fletcher's Castoria, the wonderful remedy for babies' ailments as discovered by a family doctor and that has been used for over thirty years.

When you have learned the value of Fletcher's Castoria you will never be without it, you will tell other mothers what a useful remedy it is. You will be able to keep baby well and happy by using it to keep its stomach sweet and its digestive organs acting naturally. You will call Fletcher's Castoria the Children's Comfort and the Mother's Friend.

Don't say tomorrow—try it today. And above all things don't try to relieve baby with a remedy that you would use for yourself. MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

THE DENTAU COMPANY, NEW YORK CITY.

Want Prairie Chickens Protected

Are Invaluable As Hopper Destroyers
And Other Insect Pests.

A campaign for a law to prohibit all killing of prairie chickens in Saskatchewan for five years has been launched by the farmers of the province. They declare the birds are worth their weight in gold as destroyers of grasshoppers and other insect pests.

The value of the chickens in this respect was vividly demonstrated recently. A farmer driving a horse and buggy through the country ran over and killed a chicken. This was an extraordinary accident, and he got out to investigate.

He found the bird's crop full almost to bursting with grasshoppers. It had eaten so many it could not fly and could hardly walk. Its voracious appetite for hoppers was the direct cause of its death.

The present law that protects prairie chickens provides for an open season of two weeks. During this brief period, guns of sportsmen are cracking all over the prairies every day and the destruction is enormous.

In pioneer times when the Hudson's Bay Company ruled the country, chickens were plentiful. Settlers, pouring in in the wake of the trans-continental railways, almost exterminated them. Now when the old fur company, having relinquished its sovereignty to Canada, is closing out its lands in the prairie provinces to farm settlers, the chickens have come back in a limited way under protective legislative. But every year their numbers are so decimated during the open season that only a small breeding foundation is left.

Breathing merely purifies the blood, exercise merely circulates it, but food is what really makes the blood.

The great dam across the Nile at Assuan is one and a quarter miles in length, and has 130 sluice gates.

It pays to patronize home industry. Buy from the merchants in your own town.

No Two Ears Alike

Few Persons Can Hear Equally Well
With Either Ear.

Few persons possess a pair of ears that are exactly alike. In nearly every case one ear is larger than the other; is set further back from the eye or is higher on the head. It is likewise true that few persons can hear equally well with either ear.

Test it for yourself and you probably will be surprised at the result. Close one ear and then the other while riding in a train; not only will there be a difference in the volume of sound, but in the tone. This difference is more noticeable while listening to music. The various notes are apt to sound much more metallic in one ear than in the other.

Most people, when straining to catch some sound that is difficult to hear, turn one ear in its direction because, without knowing it, they naturally tend to make use of the "stronger" ear. Which ear do you turn toward the stage if you cannot hear the words of a play? To which

ear do you put the receiver when using the telephone? Watch yourself and you will find that you nearly always use the same ear.

No British Offer

For Kaiser's Boat

After Year in Dock Liner is Sold to Original Owners.

For nearly a year the Cap Polono, a German liner of 21,000 tons, has been lying in dock at Liverpool waiting for a buyer.

It was one of the German ships surrendered at the end of the war, and was leased by two British lines, but only for one voyage each.

The Union Castle Line had it, then the P. and O., and after one voyage both companies had had enough of the vessel.

British shipowners did not like it because it had so

There are more than 150 brands of baking powder in Canada; and the fact that there is more MAGIC BAKING POWDER used than all the other brands combined shows why Magic Baking Powder is known as Canada's best baking powder.

CONTAINS NO ALUM

World Happenings Briefly Told

Japan will outfit an aircraft mother ship capable of housing three hydroplanes.

The U.S. Government is now selling 200 wooden ships for \$2,100—each—a mere fraction of their cost.

Farmers in the Western States are killing cattle to sell in the Omaha market for \$7.50 a hundred pounds, the lowest since 1911.

Jeanne Dusseau, the French Canadian soprano, is among the new stars who have been engaged by Mary Garden for the forthcoming season of the Chicago Opera Company.

Work on construction of the Lethbridge Northern Irrigation project is proceeding rapidly and it is now certain that the contract will be finished well within the time allowed.

A gram of radium, sealed in 11 vials of glass and lead, and steel has been received in Philadelphia from the vaults of a trust company. Its value is \$70,454.

Four passengers were killed when the Strasbourg-Paris express airplane crashed while making a landing at Le Bourget. The pilot of the machine was so badly injured that he died in a hospital.

That Canada is probably as well able to face the future as almost any country in the world, is the effect of a statement made by Sir Robert Kindersley, governor of the Hudson's Bay Company, called to Winnipeg.

A German official note denies reports that the German finance ministry was preparing a memorandum intended to prove the responsibility of Germany making further reparation payments.

More than 5,000 persons saw Eugene M. Stafford, of Boston, a balloonist, fall 600 feet to his death at the North Adams, Mass., fair.

The web belting attaching him to his parachute broke as he changed parachutes. Stafford was giving an exhibition of the double parachute drop.

At the National Exhibition at Toronto, Manitoba made a good showing in butter. The Shoal Lake Creamery won second in the special prize for highest score in the group of classes for 14-pound box of creamery; 56 pounds unsalted creamery; and 20 pounds creamery bricks.

The bones of two more dinosaurs will shortly be shipped to Toronto from Red Deer Valley, where they were chipped out of rock this summer by workmen under the direction of Dr. W. A. Parks. They will be added to the paleontology section of the Royal Ontario Museum.

Do you know what constitutes a strong constitution?

To have sound, healthy nerves, completely under control, digestive organs that are capable of absorbing a hearty meal, means you have a strong constitution! Your general attitude is one of optimism and energy.

But an irritable disposition, frequent attacks of indigestion, and a languid depression, indicate your system is not in correct working order.

Probably you are not eating the proper food. Probably the nutritious elements are not being supplied to your system in the proper way.

Grape-Nuts is the wholesome, delicious cereal that promotes normal digestion, absorption and elimination, whereby nourishment is accomplished with out auto-indigestion. A mixture of energy-giving wheat and malted barley comprises the chief elements of Grape-Nuts. A dish at breakfast or lunch is an excellent, wholesome rule to follow.

You can order Grape-Nuts at any and every hotel, restaurant, and lunch room; on dining cars, on lake boats and steamers; in every good grocery, large and small, in every city, town or village in Canada.

Grape-Nuts—the Body Builder
"There's a Reason"

For School Luncheon

BY LORETTO C. LYNCH
An Acknowledged Expert in All Matters Pertaining to Household Management.

With the approaching return to school there arises the problem of the school lunch box. The shops are showing a variety of attractive boxes. Some have an attractive hot-cold bottle of the three-fourth pint size.

The hot-cold bottle might contain some cocoa made with good rich milk. Again, while the days are still warm, it may contain some nourishing ice cream to be eaten with a piece of real sponge cake.

Besides the hot dish, of course, the average hungry boy and girl wants to find something else. The girl will spread with butter after it is cut, and the parts firmly pressed together should be substituted frequently for the crustless sandwich. The crust on the roll induces mastication, which not only aids digestion, but also helps toward good teeth.

The sandwich is one of the convenient ways of serving food in a lunch box. The bread should be at least a day-old and should be close-grained. Cut it thin and butter it before spreading the filling. Butter contains a growth-producing element quite necessary to a child's diet.

Generally speaking, it is better to mince meat, or poultry, or fish before using it as a filling. It takes but a moment to run that piece of roast beef through the food chopper. Ham being difficult of digestion is not to be highly recommended for the school lunch box.

If used at all, save it for the occasional surprise to be served perhaps with minced egg. The fillings to be recommended are cottage cheese made from sour milk, the commercial cream cheese, or the less rich Neuchâtel cheese. A little finely divided "sauce" cheese may be used from time to time as a sandwich filling. I don't know what the cause of my sickness was except the extremely hot weather and the active work of stoking the wheel.

Several of my neighbors were taken on the same day and had the doctor attend them, but they didn't get any great relief until I advised them to use "Dr. Fowler's" when they soon experienced a great change.

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 76 years and many cheap imitations are being offered to the public.

Be sure and get the genuine put up only by The T. J. O'Brien, Limited, Toronto, Ont. Price, 50c. per bottle.

Moving to British Columbia. It is announced that Curtis McCready, of Montana, has just been in British Columbia making a selection of lands in the central section of that province, into which he will move one hundred families this fall from Montana and Idaho.

Corrus cannot exist when Holloway's Corn Remover is applied to them, because it goes to the root and kills the growth.

Iceland is the largest civilized country on the globe without railways.

Minard's Liniment used by Physicians

A widow always tries to console herself, with the belief that she can't do any worse the next time.

Very Discouraging.

Willie—I should think sister would rather have you call to see her than Mr. Thompson.

Mr. Thompson—That's nice of you to say so. Here's a quarter.

Willie—Yes, she says Mr. Thompson always musses her hair so.

The skin of the reindeer is so impervious to the cold that when clothed in such a dress, with the addition of a robe of the same material, may bear the intense cold of an Arctic winter's night.

In the far Arctic, summer brings a spell of continual sunbath heat and myriads of insects, and there, for a matter of ten or twelve weeks, bird life is more plentiful than anywhere else on the earth.

King Albert, of the Belgians, is the first monarch to be decorated by the British Government with the Distinguished Flying Cross.

Penurious. They say Blank is very close. Close. Why he wouldn't even spend a vacation.

Keep Minard's Liniment in the house

A Novel Sport Coat

By Marie Belmont.

The sport coat appears in many a different guise, for it has various functions to fulfill. Sometimes it is demanded by the woman who goes in strenuously for athletics, or it may be worn by the who watch the players. This rather decorative model belongs to the latter class. It is made of yellow flannel. The fronts, which are extended at the sides to form pockets, are outlined with bands of black crepe. The cuffs are similarly adorned. The collar is high and is enriched with black wool embroidery. This also appears on the sleeves, which are very wide.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Mrs. B. Westley, Mille Roche, Ont., writes: "I have used Baby's Own Tablets for the last eight months and would not be without them. I need them for indigestion and teething and my baby is cutting his teeth without any trouble whatever. I can highly recommend the Tablets to other mothers." What Mrs. Westley says thousands of other mothers say. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion and making teething easy. They are sold by medicine dealers or by mail at 25 cents a box from: Dr. Williams' Medicine Co., Brockville, Ont.

An invalid in Paris receives by air service from London a daily supply of a special kind of bread.

Patriotic Fund Still Busy. The Patriotic Fund of Saskatchewan, is still busy and during the twelve month period ending May 31st last, the branch of the fund in this province disbursed \$613,350. Post discharge grants amounting to \$90,732 make up the biggest single item in the expenditure.

Perhaps, if there was a woman in the moon instead of a man, it wouldn't get so often.

TOO ILL TO GO TO SCHOOL

Mother Tells how Daughter was Made Well by Lydia E. Pinkham's Vegetable Compound

Cobourg, Ont.—Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition. She took the Compound and in three weeks she was able to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine.

Mrs. Mary Jones, Ball St., Cobourg, Ont. Standing all day, or sitting in cramped positions, young girls contract cramped conditions and develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of womanly life. Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a fair trial.

Was Flat On His Back In Bed A Whole Month, Declares Thompson

"The very first few doses of Tanlac I took made me feel better, and now my stomach seems just like a new one," said Samuel Thompson, 172 Peters ave., Winnipeg, Man.

"I was in very bad shape before I got Tanlac. My health broke down a year ago, and I got to where I was little more than a physical wreck. I was flat on my back in bed for a month, and when I got up the life of me seemed to be gone. I hardly had strength enough to get around, and my appetite was very poor. I soon

commenced suffering from indigestion so bad I just hated the thought of eating, for my food soured and I was kept bloated and in agony all the time. "I finally started taking Tanlac, however, and by the time I had finished my second bottle I was eating heartily. I've taken five bottles now and can eat and enjoy anything I want and feel as well as I ever did in my life. I am glad to recommend Tanlac, for I believe it will help anyone suffering from stomach trouble."

Tanlac is sold by leading druggists everywhere.

Canada's Soap Factories Fourteen Millions Each Year For Soap Is Canada's Bill.

According to the Dominion Bureau of Statistics, Canada spends fourteen millions of dollars a year on soap. Of the 28 plants engaged in this industry, 18 are located in Ontario. During the year reported, over one hundred million pounds of soap was manufactured in Canada, and the quantity sold by the producers was worth over \$13,000,000. In addition there was imported a million dollars' worth of soap made in other countries. Exports amounted to only slightly over \$100,000.

It Testifies for Itself.—Dr. Thomas' Electric Oil needs no testimonial of its powers other than itself. Whoever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, will know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

Land Holdings Dwindling.

The land holdings of the Hudson's Bay Company are dwindling in Saskatchewan. Originally proprietors of 6,000,000 acres in this province, the company now owns only about half this amount.

France is replacing its old-fashioned dairy machinery with modern apparatus.

Sir A. Conan Doyle once wrote a 12,000-word story without leaving his desk.

Patronize your local merchant and thereby help to build up your home town and community.

No Need to Worry. "Jacob," squealed Rebecca, "I must run for the doctor! They has just swallowed dat coin you gif 'im!" "Don't waste your money, woman," replied Jacob, soothingly. "It wasn't a coin—it was only a brass button."

Catarrhal Conditions

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood upon the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE cures the patient's strength by improving the general health and assists Nature to do its work. All Druggists—Circulars free. J. J. Cheney & Co., Toledo, Ohio.

SAD, BUT TRUE

A Quebecer once said: "Editors
have not told the truth. If they did
they could not live, and the news-
papers would be a failure." The editor
replied: "You are right, and the
man who will tell all things tell
the truth about his enemies, alive or
dead, will never occupy the same pul-
pit more than one Sunday, and he'll
find it necessary to leave town in a
hurry. The press and pulpit go hand
in hand with whitewash brush and
kind words, magnifying little virtues
into big ones. The pulpit and the
press are a saint-making partnership."

For Thursday, Friday and Satur-
day, September 22 to 24, the manage-
ment of the Orpheum theatre pre-
sents something really new, and from
all accounts the most novel and un-
precedented entertainment that has yet visit-
ed the city.

The show consists of a six-reel
moving picture production entitled
"Before the White Man Came," in
which is the only production ever at-
tempted wherein each character is
portrayed by a full-blooded Indian.

Featured with this production are
Chief and Princess White Elk, who
present a magnificent prologue in
connection with the moving picture
performance.

White Elk, the Chieftain of his
own tribe, the Cherokees, is a gradu-
ate of three universities; has ap-
peared in public for the past 15 years
lecturing and entertaining and was
known over the region circuit as the
Indian Chieftain Alcott. He is the
possessor of a wonderful silvery bar-
itone voice of remarkable range and
he will utilize it in a selected program
of popular and favorite numbers at
the conclusion of the performance.

The picture is taken from one of
the annals of the tribe and describes
the love of "Big Elk," Chief of the
tribe, for "Kawena," "The Wolf."

Chief of the opposing tribe, is his
rival and the action of the photoplay
provides that even in those days the
course of love did not run smooth.

The picture has an educational
value as well as being excellent enter-
tainment, for it is absolutely correct
in every detail and shows the cus-
toms and habits of the Indian in his
native environment. It is most in-
teresting and proves that the Indian
is a very capable actor if given the
opportunity.

THE EDITOR OF THE HANNA HERALD IS
VERY MUCH PUT OUT OVER SOME PARTY
STEALING FROM HIM A WHOLE CHEESE.

THE BASSANO MAIL IN REPORTING THE IN-
CIDENT STATES: "THAT THE CULPRIT IS THE
WORLD'S MOST MISERABLE MAN AND THAT
HE HAD NO FUNNY LIKE AN EDITOR DE-
PRIVED OF SOMETHING TO EAT."

With the opening of the public schools
throughout the province, the Junior Red
Cross will begin another year of activity.
The Junior organization begins the
present year of work with a membership
slight in excess of 100. In
hundreds of the city and country schools
of Alberta the pupils have formed units
and are prepared for work. The money
which they earn, and all of it must be
turned, all goes to the support of sick
and crippled children who are constantly
being sought out by the Red Cross and
given treatment. Every cent which the
members turn in toward this purpose as
all administration expenses being defrayed
by the senior organization.

One of the most interesting cases which
has been taken hold of by the Junior
Red Cross is that of a little foreign boy
who comes from a district in Northern
Alberta.

He is being treated solely at the ex-
pense of the Junior and their local units
in Edmonton as they have tried to per-
suade his parents to let him remain in
Edmonton for treatment. They were
suspicious; but at last he prevailed.

Harry Burns, local manager of
the McLaren Lumber Co., paid
a business visit to Winnipeg this
week.

Max Belecky and family are
due to reach Blairmore today,
having left Chicago by auto on the
7th.

The Ford Motor Co., has in the
neighborhood of fifty million dol-
lars reserve in the bank, according
to a report.

The men who fought fire at
Allison Creek recently were paid
off on Saturday by to est ranger,
Bonilton, of Coleman.

Since the ducks have been side-
stepping the gun shots they have
become adepts in the art of trrip-
ping the first fanatics.

The Quality Butters, Limited,
has been incorporated, with head
office in Lethbridge and a capital-
ization of \$50,000.

Mr. Toole, manager of the Hop-
Roo garage, Calgary, spent the
early part of the week in town en-
route to Fort Steele.

An exchange remarks that what
is not a game of chance because it
depends a good deal on chance.

And, we might add, a good deal
on a good deal.

Mr. and Mrs. Carr and Miss
Armstrong, of Cranbrook, who had
been on a motor trip through
northern Alberta, passed west
through Blairmore on Monday
morning.

Communication of resources has
been refused in the case of Albert
Lebeux, the Indian who murder-
ed his wife and child, as he was
hanged at Fort Smith on Novem-
ber 1st.

Mr. Bert Hoffman, after spend-
ing about a month with his son
here and incidentally in going out
in the rush at The Enterprise
office, returned north to Calgary
on Friday last.

Mr. Aitkin, representing the
L. L. Heath Co., Calgary, was at
the F. M. Thompson store last
week end and spent the early part
of this week at the store of W. L.
Ouinette, Coleman.

One of the most remarkable
feats of engineering has been per-
formed by road gangs between
Vancouver and Lundbreck. They
have succeeded in making almost
every inch of the main highway
impassable.

Thanksgiving service was held
in the Methodist church at Hill-
crest on Sunday morning last.
Rev. W. T. Young, of the Union
Church, Blairmore, was the
preacher and a large congregation
attended.

Prosecutions are being commen-
ced against lumber interests in
British Columbia employing Ori-
ental labor. The provincial court of appeal
has already ruled against the pro-
vince in this matter, but the case
will be carried to the supreme
court of Canada and from there to
the privy council if necessary.

H. H. Dawson, an Edmonton
lawyer, had the main portion of
his right hand blown away on
September 1st, while shooting
ducks. He went through the war
careless and was a good shot. Fortu-
nately he was left handed and will
not be seriously handicapped by
the loss of his fingers.

The census enumerators have
not yet decided whether or not the
population of the city of Lethbridge
has increased, but they are positive
that the distance between the
ladies' skirt tails and their rolled-
down socks has increased consid-
erably. It is now possible for
them to bend over to see the time
from their knee watches without
putting a hand to their garments.

Joe Michalsky's new store at
Coleman is nearing completion
and already fittings and stock
are being placed in. The new
store is quite a credit to the town
of Coleman and to the enterprise
of Mr. Michalsky. The new build-
ing with the old premises covers
three lots with seventy-five feet
frontage and two storeys and a
basement.

DEPARTMENT OF THE INTERIOR Forestry Branch

Rocky Mountains Forest Reserve
Office of Crownsmen Forest Supt.
Pincher Creek, Sept. 12th, 1921
Editor, Blairmore Enterprise,
Blairmore, Alberta.

Dear Sir:

I would be obliged if you would publish this letter in which I desire to express our appreciation for assistance rendered in fighting the recent forest fire which came over from British Columbia. It is most encouraging to find that the police, the various coal companies and for the most part of the general public, are eager to do all they can to assist at such time. It is by such whole-hearted co-operation of patriotic citizens that the forest fire menace may be eventually stamped out.

Your obedient servant,

R. M. BROWN,

Forest Superintendent

TEN COMMANDMENTS FOR AUTO DRIVERS

There are various kinds of "insurance" policies. Perhaps the best of all is the kind that is implied in the commonsense use of the car and which takes into consideration the person in the street. Ten commandments for driving are apropos of good intent. They are, says "L. G. H.":

1. Drive on the proper side of the road, it's just as good as the other.
2. Slow down when approaching a cross-road, it's nearly as dangerous as a railroad crossing.
3. Look out for children. You can never tell what they'll do and you're always wrong if you hit one.
4. Try to help instead of hinder the traffic officer; he's there for your good and he's got a tough job.
5. Be sure that the "dimmers" are really dim; it's no joke driving into a blinding glare, as you probably know.
6. Read and obey the warning signs; they're not put up as ornaments.
7. If you feel you've got to speed do it where it won't kill anybody but yourself.
8. When making minor repairs, stop where your car may be seen from both directions; otherwise you may stop longer than you anticipate.
9. Speeding around corners is a straight route to the hospital. Don't race past a stopped street car. Some day the jury may call it manslaughter.
10. Use discretion. The fact that you had the right of way won't bring anybody back to life, least of all yourself.

FIGURE IT OUT FOR YOURSELF

I met a young widow with a grown up stepdaughter and I married the widow. Then my father met our step-daughter and married her. That made my wife the mother-in-law of her father-in-law, and made my step-daughter my stepmother and my father became my stepson.

Then my stepmother, the step-daughter of my wife, had a son, that boy was of course my brother because he was my father's son, but he was also the son of my wife's stepdaughter, and therefore her grandson, which made me grandfather to my brother.

Then my wife had a son. My mother-in-law, the stepsister of my son, is also his grandmother because he is her stepson's child. My father is the brother-in-law of my child, because his stepsister is his wife. I am the brother of my own son, who is also the child of my grandmother; I am my mother's brother-in-law; my wife is her own child's aunt; my son is my father's nephew, and I am my own grandfather.—Trumbull Cheer.

Frankie Landers, of Calgary, is in town this week. Landers hopes to stage a boxing exhibition at the opera house on September the 27th, and is now training a bunch of boys, some of whom will take part in the big event, in which the main bout of ten rounds will be between Landers and George Walker, of Winnipeg.

Mr. D. M. Drin is a few days in Calgary for a few days.

K. F. R. R. of the Auditorium hotel, Nanton, is in town today.

P. M. Christopher M. P. P. returned yesterday from a visit north.

Fatty Arbuckle's new role may now be staged on the "rogue" gallery.

A large building is being erected on Main Street South, to be used as a photo studio.

The Dempsey-Carpentier fight pictures were shown at the Coleman opera house last night.

Joseph Napoli, arrested in Detroit, confessed to having committed three murders at \$30 each.

The Frank public school reopened last week with Mr. Drake and Misses Blande and Robbins in charge.

Twenty-four persons were drowned when the big bridge spanning the Chester River in Pennsylvania collapsed.

The Indian industrial school which is being started on the farm formerly occupied by F. Powell at Claresholm, will be opened early next spring.

The mines payroll for the district of Lethbridge to Crow's Nest Pass for August month was in the neighborhood of one million dollars.

Hundreds of dead have been taken from the ruins caused by the recent floods in Texas. Property damage is estimated at upwards of eight millions.

Constable Hobkirk, of the R. C. M. P., has been transferred to Macleod, where he has been promoted to the rank of Corporal. The vacancy here is filled by Constable McNab.

Mr. and Mrs. Anderson, of Lethbridge, have arrived to make their home at Bellevue. We understand that Mr. Anderson has taken over the W. L. Evans livery barn there.

The death occurred at Lundbreck on Sunday, September 4th, of Mrs. Beatrice Marlow, daughter of Mr. and Mrs. Robert Welsh. Interment took place at Cowley cemetery on Tuesday the 6th.

Mrs. W. Garland Foster is quoted as likely Liberal candidate for West Kootenay. Her husband, Capt. W. G. Foster, was killed in action. Prior to enlistment he was editor of the Nelson News.

The marriage of Harold Tom, of P. Burns & Co., Lethbridge, to Miss Hattie McClelland, took place at Lethbridge on September the 5th. Mr. Tom at one time was cutter in P. Burns & Co.'s Blairmore store.

President Beatty and his party, who are touring the West, passed through Blairmore on Tuesday afternoon. No great disturbance was caused locally and it is hoped that the president at least took a quiet at this "real" town.

A verdict of accidental death was returned by the jury at the inquest into the death of J. Manik, a section man, who was killed while riding a speeder near Coleman last week end. The speeder collided with a moving train.

The Coleman council have decided not to start concrete sidewalks construction before spring. Joe Michalsky, however, will have the distinction of laying the first piece of concrete sidewalk in Coleman, in front of his new store.

The Salvation Army at Coleman would like information leading to the location of a man named Bowtell, who left Lethbridge a short time ago with his little nine-year-old daughter Doris, and has not been heard of since. The man was believed to have been in Blairmore a few days ago.

Canada has the largest forest in the world. It is in the Labrador and Hudson's Bay district, and is roughly, 1000 by 1700 miles.

Work on laying the foundation for the new picture theatre at Coleman High River has been engaged as man is progressing rapidly. It is a teacher with the Coleman staff new theatre will be somewhat on and arrived there last week. It the case of the new Orpheum will be remembered that Mrs. theatre at Blairmore and will shield's husband was killed quite have seating capacity for about recently in an airplane accident five hundred people.

Gems from the "Girl-and-Music" Shows

THOSE sparkling, sprightly song-hits that "go big" in the latest Broadway musical extravaganzas—you'll find them here, single or woven into wonderful medleys, on Columbia Records.

Columbia Grafonolas and Records

Come in and hear them, if you like that kind of happy, cheerful music. Plenty of other good selections, too, on the new Columbia List of "just-out" records. Operas; violin solos; old, familiar songs; rattling dance music—we have them all. Glad to play any of them for you.

Open Portals: May They Never Close

At a time when the great question of world disarmament is engaging the attention of the leading nations, and on the eve of the assembling of the Washington Conference to deal with the subject, it was most appropriate that some tangible recognition of the world's greatest experiment in disarmament should be made. This was done on September 6th on the Canada-United States border between the Province of British Columbia and the State of Washington when the gates of the great International Peace Arch, erected at a cost of \$40,000, were thrown open at an impressive ceremony.

This magnificent Peace Arch commemorates one hundred years of peace between Great Britain and the United States. Following the war of 1812, a peace treaty was signed at Ghent, Belgium, on December 24, 1814, and by the provisions of that treaty it was provided that neither Great Britain nor the United States should erect fortifications along the boundary line between their respective territories, nor would either country maintain vessels of war on the Great Lakes. In other words, it was mutually agreed that along the whole 3,000 mile boundary neither country would make or maintain any warlike preparation against the other. Both countries disarmed absolutely so far as they were concerned.

For over one hundred years that pact has been kept unbroken despite the many complex questions and differences of opinion which have at various times arisen between the two nations, as it is inevitable they should develop where there is so much in common and where the interests of one is bound on occasion to clash with the interests of the other.

But if the two wealthiest and most powerful nations in the world, both financially and commercially aggressive, could wholly disarm in the relations of one to the other, surely it is within the field of practical international politics for all the great nations to follow their example, and thereby not only relieve their people from the crushing burden of armaments but remove the greatest of all incentives to war, namely, active preparation for it, leading to a rivalry in warlike preparation which cannot but finally end in putting these great machines of destruction to the use for which they were built up.

Imagine what the cost to Great Britain, Canada and the United States would have been during the past one hundred years if each had maintained great fortifications along a 3,000 mile boundary line, rival fleets of war on the Great Lakes and Atlantic and Pacific coasts, and standing armies ready to fly at each other's throats! And had such preparations for war been made, it is not merely possible but probable that on occasions in the past when relations became delicate and somewhat strained, there would have been had to the rifle and cannon rather than to the peaceful means of arbitration? And what has become possible on the North American continent is surely at least worth a fair trial in Europe and between all countries.

The ceremonies attendant on the opening of this International Peace Arch were not only impressive, but provided a sound guarantee of a maintenance of those friendly relations under which both countries have prospered. The longer the peace remains unbroken, the less likelihood there is that it ever will be broken. That old treaty of Ghent still stands, but it has been buttressed in these later years by a second treaty between the two countries which provides that all causes of dispute between them shall be submitted to an impartial court of arbitration.

At the opening ceremony the United States flag on the Arch was raised by a British Columbia girl and the British flag by an American girl. Emphasizing the common ancestry of both people, the ceremony took place on the same date as that on which the Pilgrim Fathers went on board the Mayflower. The Arch itself carries across the plinth on the United States' side the words, "Children of a Common Mother," and on the Canadian side, "Brethren Dwelling Together in Unity." The doors of the great Arch bear the inscriptions: "Open for One Hundred Years; May These Doors Never Be Closed."

This wish will find an echo in the hearts of all British and United States subjects, coupled with an ardent desire that disarmament may not be confined to these two great English-speaking nations, but that it may be extended to include all nations, races and languages until open portals stand on all international boundary lines testifying to the real brotherhood of man.

World's Smallest Railway

Independent Little Line in Highlands of Cumberland.

Canadian visitors to Europe, on landing at Liverpool or Southampton, are at once struck by the small size of British locomotives as compared with the mighty machines in American railway operation. Their astonishment, not unaccompanied by amusement, is, however, soon supplemented by admiration for the excellent running made on the English main lines, but if one's itinerary takes him into the lakelands and highlands of Cumberland he will there find an independent little line which is said to be "the smallest public railway in the world." This line is known as the Eskdale

Railway, and is seven and one-eighth miles in length. The rail gauge is one of fifteen inches only. It is leased to a London company—Narrow Gauge Railways, Limited. The passenger service is carried on by mid-gauge engines, built to a scale of one-quarter the size of ordinary British main line locomotives, but in other respects exactly the same in construction and appearance.

Ontario Newspapers Merge.

Toronto.—The Chatsworth (Ont) News, it is announced, has ceased publication and will be merged with the Owen Sound Sun-Times. The News was established 36 years ago by the late George Blyth. High cost of publishing is given as the reason for the paper being discontinued.

Swiss Have No Language

Public Documents Are Printed in French and German.

The official languages of Switzerland are French, Italian and German, but Switzerland has no language of its own. A majority of the people speak German, while the others speak French and Italian, varying as a rule according to the proximity of the people to each country whose language they speak. Public documents and notices are printed in the French and German language. In the Swiss national parliament the members make their speeches either in French or German, the members being as familiar with one language as the other. Statements from the president of Switzerland are furnished to the newspapers in both languages.

Bing—I heard that your old man died of hard drink.

Ding—Yes, poor fellow. A cake of ice dropped on his head.—Nebraska Awgwan.

Cramps! Cramps! Cramps! How To Stop Them Quick

When you have cramps, it is a mighty quick relief that you want. Good Old Nerveine is sure as death to relieve cramps in a hurry. Just a few drops in sweetened water and the pain is gone. Buy a bottle of trusty old Nerveine to-day and keep it handy. Nerveine is a common household necessity, and it is so useful in case of sudden illness at night, or when cramps, nausea, diarrhoea, vomiting or the like occurs. Sold everywhere in large 35-cent bottles.

Would Capitalize B. C. Scenic Beauties

Capitalizing the scenic beauties of British Columbia by building government hotels at attractive points in the province, improvement of roads and motor facilities, and opening of government tourist bureaus in the most important cities at which tourists could buy strip tickets to points of interest, and thus be kept within the province, is being considered by the provincial government, following representations made by prominent citizens.

A pitchfork with removable tines which can be replaced if broken has been patented by a Canadian inventor.

Could Hardly Live for Asthma. Writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. "Now he knows he need not have been his suffering. This remedy gives sure help to all afflicted with asthma. Inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesaler."

The celebration of May-day is a relic of Druidism.

Mothers Value this Oil.—Mothers who know how suddenly croup may seize their children and how necessary prompt action is in applying relief, always keep at hand a supply of Dr. Thomas' Electric Oil, because experience has taught them that this is an excellent preparation for the treatment of this ailment. And they are wise, for its various uses render it a valuable medicine.

In Japan lily bulbs are largely used in lieu of potatoes.

Beauty of Skin Enhanced by Cuticura

When used for every-day toilet purposes Cuticura keeps the complexion fresh and clear, hands soft and white and hair lustrous and glossy. The soap cleanses and purifies, the Ointment to soothe and heal and the Talcum to powder and perfume.

An Autoist's Recipe. The following recipe, which if observed would reduce to a minimum the number of accidents, is published in the automobile column of a New York paper. A full measure of caution for the rights and safety of others. Three tablespoons of looker straight ahead, to the left, to the right. Steer, brake, observe and be wary.—Cleveland Plain Dealer.

At the Yarmouth Y. M. C. A. Boys Camp, held at Tuxford Falls in August, I found Minard's Liniment most beneficial for sunburn, an immediate relief for colic and toothache.

Alfred Stokes, General Sec'y.

The Price. Willie's Mother.—Willie, will you keep quiet for a bit?

Willie—I will for two bits, mother.

Separation, But No Alimony. A peaceful, quiet separation, no damage done, everybody happy again—that's the situation when you divorce your corns.

Try Painant's Corn Extractor. Acts like magic, no pain, no failure, success every time. Refuse a substitute for "Painant's," 25c everywhere.

Big Lumber Cut.

The Secretary of the Mountain Lumber Association states that the production of the Mountain Mills for the first six months in 1921 was approximately one hundred million feet, and the shipments over that period roughly totaled seventy-five million feet.

PAINFUL NEURALGIA TORTURING SCIATICA

Both Come From the Same Cause—Thin, Watery Blood.

Most people think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The pain in neuralgia is caused by starved nerves. The blood which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food. You may ease the pain of neuralgia with hot applications, but real relief from the trouble comes by enriching and purifying the blood. For this purpose Dr. Williams' Pink Pills are strongly recommended. These pills make new, rich blood and thus act as a most effective nerve tonic. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and note the ease and comfort that follows their use.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Extended Time for Paying Taxes. Winnipeg.—Premier T. C. Norris informed a delegation representing boards of trade and business organizations in Manitoba that the Provincial Government will grant an extension of time for filing returns and making payments of the provincial net profits tax.

The number of women employed in shops and factories in the Argentine Republic has doubled within the past five years.

Fifty million citizens are made healthier, wealthier, happier and better by the automobile.

Elevators in Manitoba

Expected That System Will Handle Five Million Bushels of Grain This Season.

One hundred government elevators with an average capacity of about twenty-five thousand bushels each, or an aggregate capacity of 2,500,000 bushels, are taking care of their share of this year's crop in Manitoba. These elevators usually fill up about twice at least during the season, so that they will actually handle approximately five million bushels of Manitoba grain this fall. Practically all of this will be wheat.

In all, there are 702 country elevators in Manitoba with a total capacity of 22,926,000 bushels, besides five large interior storage elevators capable of holding an additional 2,300,000 bushels of grain.

A pessimist is one who is always expecting bad luck and is surprised when it comes.

WHEN WOMEN SUFFER

Look for weakness or ill-health. See if it is not a side ache, headache, restlessness and the "blues." The symptoms indicate that you need the gentle assistance of Dr. Hamilton's Pills. This soothing medicine is a great friend to womanhood. They are a wonderful relief to constipation, they clear up head aches, remove wastes and poisons from the systems. Girls and women can use Dr. Hamilton's Pills with great success. Thousands use no other medicine and rely solely upon Dr. Hamilton's Pills to regulate the system and keep it in smooth running order. 25c all dealers or The Caturrhoezo Co., Montreal.

Furniture From Paper.

Tables, chairs and other articles of furniture are now made from compressed paper so colored and polished as to give it the appearance of the finest woods.

No child should be allowed to suffer an hour from worms when prompt relief can be got in a simple but strong remedy—Mother Graves' Worm Terminator.

Port of Vancouver.

An indication of the growing importance of this port in Pacific coast shipping is contained in the announcement that during the past eight years, the tonnage of the vessels using the port of Vancouver has increased from 4,000,000 to 22,000,000, and the number of regular foreign bound steamship lines from 5 to 26.

Miller's Worm Powders not only make the infatigable system untemperable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

Fifty-fifty.

Two girls unfamiliar with baseball were watching the local nine play a visiting team last Saturday. "Isn't that fine?" remarked one girl. "We have a man on every base."

"Why, that's nothing," said the other, "so have they."

Taft Refers To Debt That The U. S. Owes To British Law

Ottawa.—William Howard Taft, chief justice of the United States, speaking before the Canadian Bar Association here paid tribute to British law and to British lawyers, and declared that "the thought of the British bar was always sweet, as it must be, to all those in the United States who realize the debt the United States owe to British law." Mr. Taft was greeted with continued cheering at the conclusion, and a resolution commending him to all as a judicial officer, the chief justiceship of the United States, proposed by Justice Riddell, Toronto, carried unanimously.

"I feel like saying: 'Here I am again,' Mr. Taft commenced. 'I have the home feeling here. I have met people and greet them with the same feeling as I do people in New Haven, New York and even Washington. I have no feeling of a boundary line at all. I have been in politics and abused on both sides of the line and have sat on the bench on both sides and have realized in these deserts the errors of men.' It was an honor for the American bar to have their representatives invited to attend the Canadian Bar Association meeting. It made for the firm establishment of the friendship which did and must exist between the two countries."

Congratulating the Canadian Bar Association, Mr. Taft said the American Bar Association regarded itself as the parent of the Canadian Association inasmuch as the convention of the American Association in Montreal in 1913 first brought the idea to the profession in Canada.

In the United States they were attempting to secure 18 additional district judges to deal with the cases arising out of the 18th amendment. This remark brought another outburst of laughter, which was renewed when Mr. Taft explained that these judges would be based on judicial light cavalry and would be amazed where the rush of cases demanded.

Executed By Bolsheviks

Sixty-One Persons Charged With Participation in Plot.

Riga.—Sixty-one persons have been executed by the Bolsheviks, being charged with participating in the recent Petrograd plot, according to the official despatch printed in the Pravda of Petrograd. Among those put to death were sixteen women, most of whom were accused of renting rooms to or otherwise sheltering male participants in the plot.

Others executed included Prince Constantine Tzouanoff, aged 29, and Prince Sergius Oukhtomsky, aged 35, the latter being a widely-known sculptor. Both were accused of spying or of sending information out of Russia. Six of the latter were described as "American spies or couriers."

Unemployment Conference.

Ottawa.—It is doubtful whether any steps will be taken toward calling a conference of representatives of the financial interests to meet with members of the employment service council at its meeting. A final decision of the matter, however, has not yet been reached by Hon. G. D. Robtson, minister of labor, to whom the resolution was referred.

Uprising in Nicaragua Quelled.

Managua, Nicaragua.—Prompt and energetic action by the Nicaraguan Government in sending 3,000 well equipped troops to the Honduras frontier has completely quelled a revolutionary uprising there.

It is declared that if the revolution had not been promptly suppressed, it would eventually have involved several Central American republics.

Serious Fire at Digby.

Digby, N.S.—A lighted cigarette thrown into the stables at the rear of the Queen's Hotel is said to have been the cause of a fire which wiped out approximately one-third of the town of Annapolis Royal, the oldest white settlement north of Virginia on the American continent, and one of the most beautiful residential towns in Canada.

Dominion-Wide Amalgamation.

Vancouver, B.C.—A resolution asking that Dominion-wide plans for amalgamation be proceeded with immediately, was unanimously passed here at a meeting of the executive of the Great War Veterans' Association, the Army and Navy Veterans and the Grand Army of United Veterans.

It will be sent to all Dominion commands.

W. N. U. 1383

Send New Note

U.S. Makes Position On Mandates Clear to Allies.

Washington.—The position of the question of mandates has been set forth more completely than heretofore and especially in reference to those of classes "A" and "B," in a new note to Great Britain, France, Italy and Japan, and through some of them, it is understood, has been submitted to the meeting of the assembly of the League of Nations at Geneva for consideration.

Western Newspaper Changes Ownership

Capt. T. Barradell, who has taken over the control of the Milestone Mail.

A change affecting one of the brightest of Saskatchewan's weekly newspapers recently took place, when the ownership of the Milestone Mail passed from the hands of R. G. Ashwin to Capt. T. Barradell, M.C. The new proprietor of the Milestone Mail comes from Derby, Eng., where he occupied the position of works manager in one of the large newspaper offices there. Capt. Barradell served with distinction throughout the Great War. He was attached to the North Midland Field Ambulance and Northumbrian Field Ambulance. He saw active service on the Somme, Flanders and Champagne fronts, and took part in the last two German offensives. Capt. Barradell was decorated with the M.C. for gallantry and devotion to duty by remaining behind under heavy shell fire and clearing all wounded from a battery of Royal Horse Artillery during the German advance. Also for three days and four nights evacuating wounded and getting dressings and supplies to most difficult positions. Prior to the war he served with the 1st V.B. North Midland Brigade Bearers Company and the 1st North Midland Field Ambulance.

Grain Men Elect Officers.

Calgary.—M. J. Thorndike, manager of the Calgary branch of the N. Bawit Grain Company, was elected president of the Western Grain Dealers' Association at the annual meeting held in the Grain Exchange. H. O. Heinbecker, of Regina, and Heinbecker, Calgary, was elected vice-president, and D. O. McHugh was re-elected secretary-treasurer. Annual reports were received and approved.

Seattle has a women's life-saving corps, composed of eighteen husky mermaids who have passed all the official tests necessary to qualify as life-savers at the bathing resorts.

Soviet Forbids Investigation

Moscow.—The Russian Soviet Government has declined to permit the International Russian Relief Commission, recently appointed by the allied supreme council, to investigate conditions in Russia preparatory to aiding in famine relief. This decision was made known through a note forwarded by M. Chicherin, the Soviet foreign minister, to Great Britain, Italy, France and Belgium. The note says the Soviet Government regards the appointment of Joseph Noulens of France as chairman as a "monstrous sneer at the fate of starving Russia."

Need Colonization Funds

Czechoslovakia.—Dr. Arthur Ruppin, head of the Zionist colonization department, told the world's Zionist congress that half a million pounds yearly for the next few years would be required for Jewish colonization in Palestine. This sum, if made available would enable his department to settle 100,000 Jewish families in Palestine within three years, he added.

Dr. Chaim Weizmann, head of the world's Zionist organization, ridiculed the suggestion that Great Britain desired Palestine merely as a protectorate for the Suez Canal. He declared Great Britain's interest was encouragement to the Jews to establish themselves, and upon their response rested the future of Zion.

Sinn Fein Invited To Conference

British Cabinet Insists That Ireland Must Remain Within Empire.

London.—The British Cabinet has invited Mr. de Valera to send delegates to a conference with the Cabinet Ministers at Inverness on September 20, according to the Daily Mail's Inverness correspondent, who adds: "Only one condition is imposed namely, on the understanding that Ireland must remain within the Empire."

The communication to Mr. de Valera, according to this dispatch, asks for an early reply and points out the apparent uselessness of conducting negotiations by a further exchange of notes. In order to allay any fears regarding Ulster, the decision that Northern Ireland must not in any circumstances be coerced was reaffirmed by the ministers.

Cattle Stealing Charges

Stock Has Been Returned to Canadian Owners by U.S. Sheriffs.

Lethbridge, Alta.—James R. Leach, a Montana rancher living along the border, and James Muir, one of the cowboys of his outfit, were committed for trial at Court on a charge of stealing cattle from the Wallace, Ross and Webster outfits on the Alberta side of the line. Eight cattle involved in the alleged thefts have been gathered up by Montana sheriffs and turned over to their Canadian owners. Brand running was the method used in the operations, according to the evidence, and Sheriff Morgan, of Liberty County, Montana, testified that when he arrested Leach at Chester he admitted his guilt.

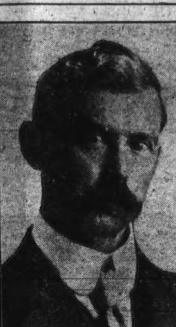

Increase Lake Rates For Grain Shipment

Will Cost the Farmer One and a Half Cents a Bushel More.

Winnipeg.—Lake freight on grain from Fort William and Port Arthur to Georgian Bay points have been advanced 1 1/2 cents a bushel this week. Officials of the vessel owning companies say this is due to the demand from Chicago for tonnage and Canadian shippers must pay a premium to induce boats to come to the lake head for cargoes.

German newspapers are printing many advertisements of women wanting husbands, a supply of fuel and a flat or apartment often being offered as an additional inducement.

WESTERN EDITORS

A. S. Lorimer, publisher of the Journal, Calgary, Alta.

Preparing For Elections.

Once Dissolution Takes Place and Writs Are Issued These Remains Only Routine Work.

Ottawa.—The necessary machinery for carrying out the coming general election is all ready. Once dissolution takes place and the writs for a general election are issued, there only remains the need for expressing all the necessary forms and documents to the returning officers in the various constituencies. At the office of the chief electoral officer, preparations have been made for despatching the necessary forms immediately after the writs are issued and election officers throughout the Dominion will at the same time receive full printed instructions as to their duties.

With the exception of Saskatchewan and Prince Edward Island, there already exist in the different provinces, lists of voters which will be used as the basis of lists to be prepared for the coming general election. In each case the lists will be brought up to date as provided by the Dominion Elections Act, returning officers and registrars being appointed as required.

Grain Shipments

Break All Records

Officials State Movement Well Ahead of Other Years.

Winnipeg.—All previous records for volume and early shipment of grain over the Canadian Pacific Railways western lines have been shattered this season.

Wheat and other grains shipped east up to this time, has passed the eight million bushel mark and this in a measure, it is stated, accounts for reported congestion in Montreal. Of wheat, 5,419 cars have been handled aggregating 7,402,354 bushels and 580 cars of coarse grains have carried 1,020,400 bushels. Early harvest and threshing, and the course of many farmers in putting the grain on the market without delay is responsible for the heavy movement eastwards.

Find Graphite In B.C.

Prince Rupert, B.C.—Dr. Stanwood, of Los Angeles, reports the discovery of graphite near Salvo, on the Skeena River, B.C. The ledge is 1,500 feet wide and six miles long.

Every dollar spent in your home town is a boost for the community.

THE CALAMITY HOWLER

Freight Rate Reduction When Conditions Warrant

Lloyd George Optimistic

Has Pen Ready For Signing Irish Agreement.

London.—Mr. Lloyd George, it was learned told the messenger boy who recently delivered to him and the members of his cabinet a box of cigars from anonymous United States tourists as he signed the receipt. "This is the pen with which I signed the peace treaty, and I hope to sign the Irish agreement with it."

The messenger brought back to the donors of the cigars a letter from Mr. Lloyd George addressed to: "My anonymous American friends," saying: "It is genuinely helpful at a critical moment like the present, to receive this really delightful token of sympathy and goodwill from a group of Americans, and I must have succeeded this year in finding lasting peace and harmony between the two great races which have contributed so largely to the life and history of our great republic."

Unemployed Men

Refuse Harvest Work

Out Of 160 Registered in Victoria Only 600 Would Go.

Ottawa.—One of the difficulties faced by the Employment Service of Canada in dealing with unemployment conditions throughout the Dominion as set forth in the unemployment report for the week ending August 20.

The report from the employment service at Victoria, B.C., states that during the week ending August 20 the office there had had devoted practically all of its time to registering men for work in harvest fields of the prairie provinces, and at the end of that week had some 1,600 men registered for this particular work. When the call came for men for harvest work, however, only about 600 of the 1,600 men registered expressed a desire to go, in the face of the fact that there was scarcely any present or prospective work for many weeks.

Greeks Still Advance

Turk Army Is Unable to Resist the Greek Forces.

Greek General Headquarters in Asia Minor.—Turkish Nationalist forces have been driven from new positions occupied on September 1, but have retired slowly, defending every inch of the ground. On Tuesday night, the Turks launched wild attacks and succeeded temporarily in re-occupying their lost positions, but later were again driven out.

Unofficial estimates place the Turkish losses at 12,000 men. The Greek losses are unknown, but are said to be heavy.

Food For Starving Russia

First United States Relief Boat Reaches Petrograd.

Riga.—The United States steamer Phoenix has taken into Petrograd the first contingent of United States food for the starving children of Russia, says a despatch to the Levin Telegraph Agency from Moscow. The vessel sailed from Hamburg.

The American Relief Administration on Monday sent its first train direct to Samara from Moscow.

Rare Destroys Mountain Village.

Rome.—The mountain village of Molveno in the north Italian Tyrol has been destroyed by fire. Seven hundred persons were made homeless. The flames were carried along by a cold wind which added to the discomfort of the women and children, who already, had suffered much from exposure to the frigid mountain air.

Tents and other relief materials have been sent to the scene by the government.

Will Possibly Feed Hunger Striker.

Lethbridge.—Capt. E. L. Janney, on the thirty-third day of his hunger strike has been ordered by the jail physician to be removed to the Galt hospital where forcible feeding will be undertaken in an effort to keep him alive.

The beginning of the second month of the hunger strike finds Janney's heart in a weakened condition and grave fears are held out for his life. It is understood that friends in Ontario have reported his case to the Minister of Justice.

Fort William, Ont.—"Governmental economy still should be a watchword and the monies necessary for the maintenance of the country's institutions, and the meeting of its obligations should be obtained by measures which will be as lightly as possible upon the individual taxpayer," said E. W. Beatty, K.C., president of the C.P.R., in the course of an interview here. He is making a tour of inspection through Western Canada, accompanied by the directors of the line and a number of prominent railway officials.

Asked what he thought of the freight rate situation, Mr. Beatty stated that undoubtedly decreases in rates would be necessary just as soon as the financial conditions of the companies warranted it. He pointed out that during the period of strict economy the purchases of the larger systems were very greatly reduced and from the standpoint of the welfare of the country it was highly undesirable that their finances should be so contracted that fairly free spending of money in Canada should be prevented. All railway companies preferred to make reasonable earnings, through the free movement of traffic at moderate rates, rather than a restricted movement under higher rates, but regard must be had to the earning power and consequent effect on the credit of the companies if monies were to be readily obtained to the extent to meet the nature expansion of the country which was inevitable, and not, in his opinion, in the distant future.

Expect Sinn Fein

Will Meet Committee

Belief Universal That Republican Leader Will Accept British Offer.

London.—Mr. Lloyd George's letter to Eamon de Valera, the Irish republican leader, which was sent to Dublin after the meeting of the Sinn Fein cabinet at Inverness, seems at least to insure that Sinn Fein plenipotentiaries will meet the special committee of cabinet ministers at Inverness on Sept. 20 for the purpose of clearing up any ambiguity of the Sinn Fein leaders may entertain about the six conditions the British Government stipulated as reservations in granting Ireland a dominion status.

The Prime Minister's letter, like all his communications since the Irish negotiations began, is characterized by penetrating consideration for the Sinn Fein. While it suggests a date for the proposed conference it is in no sense an ultimatum and sets no time limit to the negotiations. In fact, it tends to prove what has been maintained confidently by those close to the Premier, that he earnestly desires a settlement.

The belief is almost universal that Mr. de Valera will accept—that what the Premier offers is what Mr. de Valera desires, namely an untrammelled conference with the single condition that Ireland remains in the British Empire. The guarantees which Mr. de Valera is supposed to have in mind are memberships in the League of Nations and the Imperial conference, and these, it is believed, the government would be willing to grant.

Hungarians Capture

Austrian Sentries

Two Members of Garrison Killed and Many Wounded.

Vienna.—Superior Hungarian forces captured Agendorf and are advancing on Matteredorf, the temporary seat of the Burgenland Government which is in flight.

Hungarian troops, led by two parish priests, Stephan Varga, of Sagersdorf, and Karl Schmidt, of Drassburg, overpowered the sentries of the Austrian garrison at Sagersdorf. Two members of the garrison were killed and many wounded, while the others were blindfolded and taken away in motor trucks.

Reinforcements overtook the Hungarians and the Austrians were released. The priests were made prisoner and taken to Weiner Neustadt, where they were almost lynched by an angry crowd.

Canadian Oil Production.

Ottawa.—The oil production of Canada during the fiscal year ending March 31, was 187,016 barrels, or 6,454,371 gallons. The bounty totaled \$98,163.

Blairmore Cash Grocery

Phone 177 THE STORE OF QUALITY J. Olive, Mgr.

I'm running a shavered store!
I wouldn't go back any more,
For a cartload of goods.
To the ways of our duds.
To the sloppy old methods of yore.
You ask what does shavered mean?
Well, firstly, its making things clean.
In a shavered store, there's no junk on the floor,
No dirt or disorder is seen.
Folks come to my store and when they've looked it o'er
They murmur, Gee Whiz!
How delightful it is!
We've seen nothing like it before.
The customer cheerfully spends
And what from my place he wends,
He gives me no knocks, but boasts as he walks,
My shavered store to his friends.
Oh here in my shavered shop, economy's always on top
For things are at hand, at instant command,
I don't have to walk till I drop.
The goods are in sight of the scale, I waste no time in a sale!
I gambol and smile in the old-fashioned style,
As I merrily take in the kale.
Fresh Eggs, per doz 45c. Tomatoes, per basket 40c
Italian Trusses, per case \$1.75 Salad Oil, gallon \$2.65
